LearnPianoNow! Screensaver shows beautiful piano images from Wistia.com for a realistic learning experience. Begin playing by touching each image of the piano or clicking the lower right-hand corner of each image to play the corresponding note. Each image has its own tempo. Images don't repeat, even for a full rotation. Each image is surrounded by a multicolored ring around it. You can change the background color from a color gradient, or choose any color from the image. The rainbow ring can be set to any color you want to match the color of the image you are playing in. To play in different keys, simply touch a different colored note. If you need to know which note you're playing, use the "Jump" function to your left. The screen saver loads quickly even on low-powered machines. You can change the default MIDI sound volume and change the intervals of the image display. LearnPianoNow! is an application for the Mac that lets you display images of beautiful and realistic pianos on your desktop screen. The application has been carefully designed to provide a fun and realistic learning experience of how to play the piano.

LearnPianoNow! Screensaver shows beautiful piano images from Wistia.com for a realistic learning experience. If you are learning to play the piano, this screensaver might be a real inspiration for you. Try it on your desktop screen! Learn Piano Now ScreenSaver Description:

LearnPianoNow! Screensaver shows beautiful piano images from Wistia.com for a realistic learning experience.
